15-1217 – 04/16/2015 – OFC. ROBINSON:

INFORMATION:

On 4-16-2015 at approximately 0322 hours I was dispatched to ▮▮▮▮▮▮▮▮▮▮▮▮▮▮▮ for a domestic in progress. Dispatch advised the caller was a 10 year old boy and he would be waiting outside to let me in. At the time of the call I was speaking with Officer Mitchell from the Rockwood Police Department at Carlson High School and I requested that he assist me.

INVESTIGATION:

I arrived at the scene within minutes and discovered a juvenile male standing outside the apartment complex, he would later be identified as A▮▮▮ B▮▮▮▮▮. A▮▮▮ advised his mother and her boyfriend were fighting upstairs and I asked if it was verbal or physical. A▮▮▮ stated it was both. I then walked to the second floor of the apartment complex and knocked on the door of ▮▮▮▮▮▮▮. A juvenile female answered the door and she was crying, she would later be identified as A▮▮ B▮▮▮▮▮. I asked where they were fighting and she pointed to a back bedroom. A▮▮ was screaming and asking if he was going to jail as I proceeded to the bedroom. While making my way to the bedroom I could hear groaning coming from the bedroom. I was unsure if the groans were from a male or female.

I opened the bedroom door and discovered a completely nude male and a female wearing only a shirt on the bed, they would later be identified as David Kapuscinski and C▮▮▮ B▮▮▮▮. The two were lying facing each other but his head was at her feet and her head and neck were between his thighs. The man was squeezing the female's neck and she was not breathing normally. She was making a gasping noise. The room was very messy with clothing and garbage on the floor. Near the bed I observed two piles of what appeared to be feces. The man was making an odd growling noise and I gave him verbal commands to let the woman go. The man was covered in sweat and he had a crazed look on his face. His eyes were open very wide and the whites of his eyes were red. The man kept yelling, "I'm going to kill her!". After multiple commands to let her go and him yelling "I'm going to kill her!" I deployed my Taser. The man and woman immediately began to separate after deployment. The woman was able to get free from the man's grasp and get out of the bedroom. The man fell to the floor briefly but attempted to get up. The man's aggressive actions showed he continued to be a physical threat to myself and anyone in the apartment. I attempted to Taser the man again but it was not affecting the subject. I tried again but discovered the Taser probes were no longer attached to the man. Officer Mitchell then deployed his Taser as the man was attempting to stand up. The Taser was effective and I was able to start handcuffing the man. I handcuffed the man behind his back as the man laid on his stomach. Officer Mitchell requested medical response at this time.

After several seconds of the man not responding to officers calling him by name I began placing the man in a recovery position, on his side and with his left leg bent at 90 degrees. The man was still not responding and I rolled him completely on his back. I then attempted a sternum rub and the man did not react. It now appeared the man was not breathing but I was able to feel a pulse in his neck. I advised dispatch to request Brownstown Fire as they are an advanced life support unit. Officer Mitchell proceeded to his vehicle to get a breathing mask for CPR and I started chest compressions. After several cycles of chest compressions and rescue breaths the Gibraltar Fire Department arrived and took over medical care. An AED was applied in the bedroom and a shock was delivered. At this time medical responders carried the man out of the apartment on a stretcher. Brownstown Fire was now on scene.

INTERVIEW: C▮▮▮ B▮▮▮▮ – Victim

C▮▮▮ stated she has been in a dating relationship with David since October 17th 2014. C▮▮▮ stated she was sleeping in the living room with David and she could hear him breathing very loud so she attempted to wake him up. She said he woke up very sexually violent and he forced his

15-1217
PAGE 2

penis in to her mouth very hard. C████████said it was against her will and he forced his penis into her mouth so hard that she threw up several times. C████████ said she was able to go into the bathroom away from David but he followed and began crying and hugging her. C████████ then said David dragged her into the bedroom where her son sleeps. David then punched A████ at least one time on the top of the head and kneeled on his throat. A████ was able to get free and left the room. I asked about the feces that I saw on the floor and Christina said it was hers. C████████ said David put both his hands up her anus and pulled the feces out. C████████ also stated that was against her will. I asked what was happening when I entered the room and she replied, "He was choking me." C████████ believes the entire incident lasted approximately 30-45 minutes prior to officers arriving.

INTERVIEW: A████ B████████ – Witness
    A████ was reluctant to answer any questions. A████stated he woke up and heard yelling and went out to see what was happening. A████said he saw David naked but went back into his room.
    After being on scene longer I again spoke with A████. A████ stated David punched him at least once. I then asked if David stepped on his neck at one point and he was unsure. A████ said he called 911 and went outside to wait for police.

INTERVIEW: A███ B████████ – Witness
    A███ was also reluctant to answer my questions and wanted to know if David was going to jail. A███ said she saw David swinging his arms at her mother and kept calling her "The B word."

WRITTEN STATEMENTS:
    I requested to have C████████, A████ and A███ fill out written statements. See attached statements.

DISPOSITION:
    I contacted D/Sgt Hammar while on scene and he responded to the station. See his supplement.

SUPPLEMENT – 04/16/2015 – D/SGT HAMMAR

At 4:05am I was requested by Officer Robinson to respond to his location to investigate an incident. I arrived at ████████████████████████████████at approximately 4:30am and was advised of the events leading up to this incident.

I spoke with C████ B████████, the victim of what appears to be an unwanted sexual assault by her boyfriend David Kapuscinski. C████████ stated that she went to bed at approximately 10:00pm last evening, before her boyfriend went to bed. C████████ stated that she woke up in the middle of the night (unknown time) and was listening to David who appeared to be having a nightmare.

C████████stated that at some point David began to force her to perform fellatio on him and had struck her in the face several times stating "Bitch you better do this" and "Bitch you better suck it right". C████████ stated that she had to be soft trying not to hurt him and that she had vomited several times because he had pushed his penis so far into her throat. C████████pointed to her hair

15-1217
PAGE 3

stating she still had vomit in her hair. C████ stated that this went on for 30 to 45 minutes before David allowed her to go to the bathroom.

C████ stated that while she was sitting on the toilet seat David came into the bathroom, got down on his knees and hugged her stating "Baby I'm sorry, I'm so sorry".

C████ stated that at some point David had "Grabbed my anus and ripped it open". C████ began to tell me how David (age 14) allegedly claims to have been sexually molested by a Southgate police officer who was kicked off the force. C████ stated she thought David might have ripped her anus because David was thinking about that incident.

C████ stated that she had met David at the Sav-Mor pharmacy located at 29255 W Jefferson in the city of Gibraltar on August 17, 2014. C████ stated that David had been taking care of her children recently because she had been at a mental ward. C████ stated that she had just come home on Monday 4/13/15. C████ stated that David was good to her children, did not do drugs and was only on one current prescription.

C████ handed me a bottle of Omeprazole 20mg, that states "take 2 capsules (40mg) twice daily before a meal". The bottle states "May cause Dizziness". The bottle appeared to have been filled on 4/3/15 and was almost full.

C████ stated "I knew this was going to be the last time I was going to see him". I asked her what she meant by that statement. C████ stated "Well if he does this to me once, then there won't be a second time".

I then spoke with C████'s son A████. A████ stated that he heard yelling and screaming coming from his mom and her boyfriend, stating that his mom and David would sleep in the living room. A████ stated after approximately 30 minutes he walked outside where he could see the address on their apartment building and called 911 to ask for help. A████ pointed to a hole in his bedroom wall and stated he had hit the wall in frustration at some point during the incident.

The hole in the plaster was about the size of A████'s fist. A████ pointed to (2) other holes in the plaster, stating that both were new holes caused by things that were being thrown around the room when his mom and David had went into his room after he left to call police. A████ showed me a tablet that was lying near the bed plugged into a charging cord, and pointed out that the smallest hole in the plaster appeared to be caused by the corner of the tablet. I picked up the tablet and laid it on the bed observing one of the corners had been damaged.

A████ stated that he stayed outside until the police arrived and did not go back into the apartment until they were taking David out the door on his way to the hospital. I spoke with A████, C████'s daughter. A████ stated she heard yelling and screaming but never left her bedroom. A████ stated that she did not observe anything, she stayed in her bedroom.

15-1217
PAGE 4

Officer Robinson was still on scene while I was taking several photographs, he advised me that what appeared to be human feces was on the floor next to the bed in A████'s bedroom. I located a spot on the wood floor next to A████'s bed that appeared to possibly be smeared human feces. I took photographs of the suspected feces, the holes in the same bedroom wall and the other rooms around the apartment.

I advised C████ that I needed to go to Southshore Hospital to follow up with the condition of David; I was preparing to leave the apartment when Officer Robinson stated that he had called our department union president (Officer Steve McInchak) to advise him of the incident, stating that our dispatcher had confirmed that David had been pronounced dead at Southshore Hospital. We walked outside into the parking lot, and then Officer Robinson left the scene. I made contact with Officer McInchak by radio who advised that we needed to contact the police chief and turn this investigation over to the Michigan State Police. I returned to the apartment, waiting for Officer McInchak to arrive.

5:40am I advised C████ that David had died at Southshore Hospital, she yelled "What". I asked C████ to remain calm as A██ came running into the living room asking what was wrong. C████ told A██ that David was going to be at the hospital for a while just like mommy was; she then said David may never come back after what he did to me tonight.

I went into the bedroom to attempt to have the children get dressed because we were going to have C████ and her children leave the apartment. I observed C████ on her knees trying to clean up the area in A████'s bedroom where the suspected human feces was observed. I asked her to stop, but she had already wiped most of the stain away.

5:45am Officer McInchak arrived on scene and assisted me with getting shoes and coats on the kids. **5:48am** I called Chief Larry Williams and advised him of the incident, he agreed that MSP should handle the investigation and he stated that he was on his way in.

5:59am I transported C████ and her children to our police station. Officer McInchak was going to secure the apartment and stand by until MSP arrived. At the station I tried to make C████ and her children comfortable, advising her that MSP will probably want to speak with her about this incident.

6:38am I contacted Charge nurse Tim Renner by phone, asking him to secure David's body because we were treating it as a crime scene. Tim advised that the shift change was coming up at 7:00am, so if I wanted to speak with the midnight staff they would be leaving soon.

6:55am Out at Southshore Hospital and met with Charge Nurse Tim inside the trauma room. David was still lying on the gurney covered up with a blanket.

15-1217
PAGE 5

I pulled the blanket down and took photos of David's body and then pulled the blanket back over him. I advised Chief Williams that I would be standing by waiting for instructions from MSP investigators.

The following is a list of the staff who had worked on David when he arrived at Southshore:

ER Staff

Doctor Melanie Aaberg
Charge Nurse Tim Renner (RN) personal cellular number - █████████
Linda Gergely (RN)
Pete Zammit (Paramedic)

7:20am I met with David's mother, Carolyn Kapuscinski, ██████████ in the ER lobby. Carolyn stated that she had been called by C█████ and informed about the incident. Carolyn had come to the hospital with her daughter in law and her daughter in laws mother. I tried to comfort her with the small amount of information I could release, but informed her that MSP was handling the entire investigation and she would need to get the answers to her questions from them.

The ER staff comforted David's family, but advised them there was nothing the hospital could do to assist them any further, the family left the hospital at 8:05am.

I spoke with the hospital chaplain who requested information should more family arrive at their facility with questions. While I was speaking with the chaplain, I was advised by dispatch that C█████ had requested an ambulance and may be brought to Southshore Hospital for treatment, along with her two children. The Chaplin advised that she would assist the staff with the children, as she went to prepare for their arrival.

9:07am I was relieved from the hospital by Sgt Lawyer, on my way out I briefly spoke with MSP detectives who were arriving at the ER. I left the hospital and returned to the scene at ████████████ and waited with Officer Trush and Officer McInchak until MSP detectives arrived on scene. Shortly after MSP arrived they requested that I write my report and would like a copy for their investigation, I returned to the station and completed this report.

SUPPLEMENT – 04/16/2015 – CHIEF WILLIAMS:

On 04/16/2015 at 5:47 a.m. I was notified by D/Sgt. David Hammar that Officer Robinson had tasered a male subject (later identified as David Kapuscinski) who had been assaulting his girlfriend (later identified as C█████ B█████) at the ████████████████ complex at ████████████████████████. D/Sgt. Hammar said the male (Kapuscinski) had developed a medial issue and was transported to Southshore Medical Hospital where he died.

15-1217
PAGE 6

D/Sgt. Hammar advised he would be transporting the female (B██████) and her two children to the police station once Officer Steven McInchak arrived at the scene of the incident. I informed D/Sgt. Hammar that I would be in immediately to the police station.

6:25 a.m. I arrived at the police station, I was briefed by D/Sgt. Hammar of the incident, it was then that I learned of the names of the individuals involved in the incident. I then telephoned the Michigan State Police and spoke with Dispatcher Bret Lundin who informed me that an investigation team from the State Police would be sent to the police station to begin the investigation into this incident.

I then met with the following Michigan State Police investigators; D/Lt. Jim Smiley and D/Sgt. Patrick Roti and informed them of what was known about the incident.

I was informed that C██████ was being taken to the hospital and that a Michigan State Police investigator would be with her.

I then saved the 911 telephone call received by the police department on this incident to prevent it from being recorded over, a copy of the recording was made and turned over to the Michigan State Police.

The Trenton Police Department was contacted and a recording of the police and fire radio discussions made during this incident and was also turned over to the Michigan State Police.

A copy of the Gibraltar Police Department's Taser policy as well as the Use of Force policy was made and Officer Timothy Trush was ordered to obtain taser information requested by the state police for the investigation. These policies and the requested taser information were turned over to the Michigan State Police.

I then spoke briefly with Officer Gary Robinson in the presence of Police Officer Labor Council attorney Thomas Zulch, Officer Robinson was told at this time he would not be asked anything about the incident but would be asked tomorrow to write a report. Officer Robinson was placed on paid leave for an undetermined amount of time.

I made the location of the incident, but never entered the incident scene.

04/17/2015 at 4:00 p.m. I read Garrity Rights to Officer Gary Robinson in the presence of Police Officer Labor Council attorney Thomas Zulch, I allowed Officer Gary Robinson to read the Garrity Rights form himself and then ordered Officer Gary Robinson to write a written report on this incident which he did, a copy of the report was made, it was sealed in an envelope with tape for the Michigan State Police.

04/22/2015 at 8:15 a.m. D/Sgt. Mark Lesinski came to the police station for the sealed envelope containing Officer Gary Robinson's report, it was handed to him.

15-1217
PAGE 7

No further action by Chief Larry Williams.

SUPPLEMENT – 07/17/2015 – CHIEF WILLIAMS:

On 07/17/2015 This Writer received a telephone call from Detective Sergeant Pat Roti of the Michigan State Police Department, Roti said the Wayne County Prosecutor's Office determined that no criminal charges would be authorized against Officer Robinson, the investigation was closed. Roti said a letter from the Wayne County Prosecutor's Office stating the same had been received, a copy of this letter was received from Roti and is attached to this report.

On 07/23/2015 Detective Sergeant C. Fellner of the Michigan State Police Department came to the station with the tazer that was involved in this incident. The tazer was turned over to This Writer to be placed back into active service.

No further action in this case needed.

SUPPLEMENT: 08/24/2015 Lt CANTERBURY:

On 08/24/2015 at approximately 12:05pm, Trooper D/Sgt. Patrick Roti, came into the station and dropped off the Tazer Prongs and Chads that were collected at the scene. D/Sgt Roti stated that his department has finished their investigation and has no further need for these items.

R/O signed for the packaged prongs and chads, R/O then turned the items over to D/Sgt Hammar.

CASE CLOSED.
